DECISION TO RE-GROUP STUDENTS IN SCIENCE

Dear Parent/Carer,

I am writing to inform you that following our student's first term of study in science, we are taking the decision, based on your child's flight path and target level, to regroup members of the year.

As you are aware, students have been set targets to achieve and throughout each year group, a series of assessments within subjects will take place to check your child's progress and attainment. To work towards achieving their potential, students will be placed in groups that are matched to their ability in order to give them the full help and support from staff that they need to ensure they are successful. To assist this process we are going to regroup students in science ready for January 2019.

Please do not hesitate to contact me at cmelling@tottingtonhighsch.co.uk, if you wish to discuss this matter or require extra information on how you can support your child's science studies now or at any time in the future.

Many thanks in anticipation of your support on this matter.

Yours faithfully,

Mrs C Melling

Acting Head of Science
