

27/2/2019

Dear Parents / Carers,

As your child is studying for their GCSEs in Science, we would recommend to aid them in their revision, the purchase of the CGP revision materials for their Science studies. These resources cover all the topics, which will need to be revised for the final GCSE exams and also provide practice questions, which allow students to develop the necessary skills needed to tackle the exam questions.

Revision Guides

We can order revision guides at reduced prices. Combined Science £4.50. Triple Science Biology £2.75. Triple Science Chemistry £2.75. Triple Science Physics £2.75.

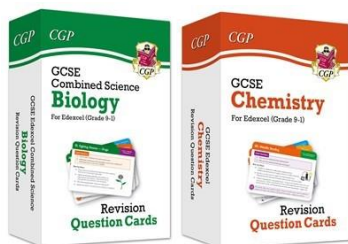

Revision Cards

There's more to revision than just reading through study notes. If you really want to make sure you know GCSE Science topics, you'll need to test yourself — and that's where these Revision Question Cards come in!

The cards cover every key Grade 9-1 Edexcel topic. Each one starts off with quick questions to warm you up, followed by harder questions to get your brain into top gear. Flip the card over and you'll find full answers to each question, carefully written to help you understand everything you need to know.

Along the way, there is plenty of diagrams and expert revision tips packed in, and there are even questions on Working Scientifically and Practical Skills.

Examples of the revision cards are shown below.

We can order revision cards at reduced prices. Combined Science Biology £3.50. Combined Science Chemistry £3.50. Combined Science Physics £3.50. Triple Science Biology £4.50. Triple Science Chemistry £4.50. Triple Science Physics £4.50.

Please select which product(s) you would like and pay online via SCOPAY by 8/3/19. (We are now a cashless school).

Yours faithfully,
Mr M Hardman
Head of Science
